Summer Camp

Summer Camp Format

This year we're trying something a little different. When students arrive, they will be allowed to choose which classes throughout the day (subject to some limitations) that they would like to participate in. The large variety of classes that we will offer should allow participants the freedom to focus their Summer Camp training on the specific skills they want to work the most on or that they need the most help in, and will allow them to work with instructors who are just as excited as they are about the material that they're teaching! Young children will be divided into a separate group for their training as usual.

Participants should plan to arrive 10 minutes before the 9am start time so that they can familiarize themselves with the classes being offered during the first period and the locations where they will be held, and also so that we can start on time!

Free Classes for Parents and Spectators!

The WYKKO has always appreciated the family support our students receive. It's no mean feat to drive 5+ hours to come to a karate camp to further your child's martial arts training! This year, there will be a schedule of classes that parents and spectators will be allowed to participate in at no additional charge, including things like the History of Yoshukai Karate, Basic Karate skills, Self-Defense, Women's Self-Defense and Cardio Kickboxing!

Event Schedule

The Master Schedule

The day will be broken down into 6 periods, with 6 or more classes being offered during each period. Each class will be 50 minutes long, with a 10 minute break in between each class to allow students to decide what class they'd like to attend next and find out where it's being taught. A central location will always have a complete schedule and map for students who are unsure of where to go next.

8:00am - 9:00: Workout with Master Toyama for Instructors and 3rd Degree Black Belts and above.

9:00 - 9:30: Bow-In & Welcome from the HuKaicho

9:30 - 10:20: 1st Period

10:30 - 11:20: 2nd Period

11:30 - 12:20: 3rd Period

12:20 - 1:20: Lunch

1:20 - 2:10: 4th Period

2:20 - 3:10: 5th Period

3:20 - 4:10: 6th Period

The Classes

A final schedule will be posted the day of the event with detailed information on the classes that students may choose from, but the schedule will include classes on kata, weapons, point sparring, full contact fighting, self-defense, kickboxing, advanced black belt training, grappling/falling, ippon kumite and many more. There will also be classes on learning how to teach, how to judge tests (both kyu grade and black belt tests) and how to judge events at tournaments.
